

# Time schedule for the conference

Fri Jun 22 14:22:03 2007

	<b>Room 209: Comparative Research</b>	<b>Room 210: Quality of Survey Questions</b>	<b>Room 211: Social , Political and Administrative Behavioral Research</b>	<b>Room 212: Data Analysis</b>	<b>Room 113: Sampling and Nonresponse</b>	<b>Room 213: Mode of Data Collection and Data Enhancement</b>	<b>Room 114: Specific Topics I</b>	<b>Room 105: Specific Topics II</b>
--	---------------------------------------	--	--	--------------------------------	---	---	------------------------------------	-------------------------------------

## Tuesday

09:00-10:30	Methodological Issues in Multilevel Analysis for Cross-national Research	Enhancing Survey Methodology with Qualitative Methods	Measuring the Quality of Democracy on the Basis of Survey Data	Testing Structural Equation Models	Selection Bias in Panel Research	Mixing Modes of Data Collection	The Impact of Media-reported Events on Attitudes and Opinions: Measurement and Analysis	Secularisation Under Different Regimes
11:00-12:30				Categorical Data Arising from Dependent Observations: Multilevel And/or Marginal Models	Survey Participation and Non-response Bias in Surveys and Access Panels			
14:00-15:30	Sampling for Cross-national and Multi-frame Surveys		Analysing Attitudes Towards Migration with Large Comparative Survey Data	Models of Analysis for Defining and Constructing Subjective Data and Indicators				
16:00-17:30	Developing Attitudinal Indicators	Questionnaire Translation and Adaptation	Human Values					
18:00-19:30				The Analysis of Attitudes				

## Wednesday

09:00-10:30	Comparative Pretesting	Interviewer and Respondent Behaviour in Survey Interviews	Emotional Intelligence Research	Analysing and Estimating Reciprocal Relationships in Panel Data by Means of Continuous Time Methods		The Use of Paradata for Evaluating and Improving Survey Quality		Time Use Surveys
11:00-12:30			Cost-effective Data Editing for Business Surveys					
14:00-15:30	Measurement Quality of Concepts in the ESS	Communicating Survey Quality to Users	Survey Measurement of Service Quality	Analysis Strategies for Cross-cultural Research		Using Contact Forms for Data Quality Assessment of Cross-national Surveys		Health Surveys in Europe
16:00-17:30								

**Thursday**

09:00-10:30	Comparative Questionnaire Design	Questionnaire Development and Testing	Measuring and Explaining Trust	Applied Missing Data Strategies in Survey Validation and Use	From Questionnaires to Data File: the Role of the Data Producers and Disseminators	Reducing, Detecting, and Adjusting for Nonresponse Bias	Demographic and Socioeconomic Variables in Cross-national Surveys	Difficult Groups in Survey Research
11:00-12:30				Small Area Estimation: Theory and Applications			Statistics on Income and Living Conditions (EU-SILC)	
14:00-15:30	Data Collection in Cross-cultural and Cross-national Surveys	Improving the Validity of Psychological Questionnaires in the Context of Survey-based Research				Probability-based Recruitment for Online Panels		Measuring and Explaining the Fear of Crime
16:00-17:30								
18:00-19:30								

**Friday**

09:00-10:30	Harmonisation of Survey Data	Survey Evaluation Methods Using Behaviour Coding and Sequence Analysis	European Values Study	Income Measurement in Surveys	Nonresponse and Measurement Error	Mobile Phone Usage in Survey Research: Implications for Data Quality		Ethical Considerations in Survey Research
11:00-12:30		Software						
14:00-15:30		Quality of Survey Questions and Indicators, and the Story After				Survey Sampling and Estimators		Survey Data and Public Dissemination
